WHO WE ARE:

We're on a mission to change healthcare — how it's paid for, delivered, experienced. We want to put people center stage, not process or profit. We are guided by a deep belief that every person on Medicare should be treated like we would treat a member of our own family with loving care and a profound commitment to their health and well-being.

That's why we're gathering a whole bunch of smart, big-hearted people to create a new kind of healthcare company — one that combines compassion, health insurance, clinical care, and technology seamlessly.

WHO IS THE BILINGUAL MEMBER SERVICE GUIDE TEAM?

As a Bilingual Member Service Guide (Spanish) at Devoted Health you have the opportunity to make a difference every single day.

- **We are navigators.** We are responsible for providing caring accountable guidance in the complex world of health care.
- **We are problem-solvers.** We fervently advocate for our members and clear obstacles for them.
- **We are supporters.** We listen to our members and hold their hand on every phone call. We look out for needs communicated to us and anticipate future ones. We treat our members like family and work to earn their trust.

We want to live the long haul with people we love for a cause we believe in.
Life is short. Join us.
